

I think you're sleeping with a friend of mine

I have no proof but I think that I'm right
And you've still got the most beautiful face
It just makes me sad most of the time

Em *C* *G* *D*
I get back up and I do it again, I get back up and I do it again
I get back up and I do it again, I get back up and I do it, I do it again

Chorus:

Em *C*
Why do you love me? Why do you love me?
G *D*
Why do you love me? it's driving me crazy (x3)

Em *C* *G* *D*
Why do you love me? Why do you love me?
